ST. LOUIS, Mo., May 10.—The American legion at the final session of its three-day national caucus today firmly declared its stand on Americanism by demanding that congress take immediate drastic action concerning I. W. W., international socialists, aliens who evaded military service, and the action of the war department in granting honorable discharges to conscientious objectors convicted in courts-martial of violating the articles of war.

The caucus of the newly formed organization of soldiers, sailors and marines who served in the war was repeatedly thrown into a wild riot of cheering and yelling by denunciation of military service evaders and radical organizations, voiced by delegates from all parts of the country.

Denounces Baker.

The greatest demonstration came when Major Richard Foster of Kansas City, member of the general court which convicted 135 conscientious objectors at Camp Funston, Kansas, of violation of the articles of war, denounced the war department and "the man responsible" for pardoning these men and granting them honorable discharges with full back pay.

The resolutions on the questions demanded that congress deport all aliens who surrendered first papers to evade military service; all aliens who evaded military service; all other men who evaded service; condemned the I. W. W. and international socialists for their efforts in behalf of the objectors and asked the immediate investigation of congress of the war department in pardoning the conscientious objectors.

Defeat Bonus Plan.

The biggest surprise of the caucus came when the caucus voted by a vote which virtually was unanimous, defeated a resolution calling on congress to grant a bonus of six months pay at the rate of \$30 a month to every enlisted man who served in the war for six months or more. The resolution had been passed unanimously in the resolutions committee and was designed to make an especially plea to the enlisted man.

Previous to the session today it was generally conceded that it would not pass, but it came to a vote. Lieutenant Theodore Roosevelt opposed it and his sentiment seemed to be reflected by all the delegates. Colonel Roosevelt's opposition was on the ground that the legion should "put something into the government and not take something out."

Want Employment Act.

Another resolution passed was the one dealing with employment which the caucus seemed to consider the most important of all. It calls for federal aid for the legion so that it may assist ex-soldiers in securing positions, federal aid for reclamation and building work, and for any project which will increase opportunities for employment.

TREPASSEY, N. F., May 10.—The American navy seaplane N. C.-3 arrived here at 7:31 p. m. (Halifax time), which is an hour earlier than New York.

The American naval seaplanes N. C.-1 and N. C.-2 were mounted tonight in Trepassey Bay, the "jumping off" point of the long trans-Atlantic flight, having completed the second leg of their coasting journey from Rockaway, L. I., with 450 mile flight from Halifax.

The N. C.-1, piloted by Lieutenant Commander P. N. M. Boggs, swept down into the harbor at 6:41 p. m. Greenwich time, having made the flight in six hours and 55 minutes, at an average speed of 65 nautical, or 74 land miles, an hour.

The N. C.-2, piloted by Commander John T. Powers, commander of the flight, arrived at 10:31 p. m. Greenwich time, was compelled to put back to Halifax for propeller repairs, after flying 50 miles from the harbor.

His flying time on the successful trip was six hours and 55 minutes, or two minutes more than that of the N. C.-1.

Both planes appeared to be in the best of condition upon their arrival and officers and crews expressed confidence that the two "hops" across the Atlantic to Lisbon, Portugal, would be made without difficulty.

Weather conditions permitting, it is expected that the flight to the Azores, a distance of 1,200 miles, would be attempted next week.

TWO MEN ARE SHOT
BY NEGRO DEPUTYEd Neely of Sheriff's Office Has
Battle With Horseman at Archer
and Cincinnati Saturday.

As the result of a general fight in which it is alleged four horse traders first attacked a local deputy sheriff, Ed Neely, in his car at the Oklahoma hospital with a bullet hole through his left leg just below the hip, and John Loftus, a horse trader, is held in the county jail suffering with a wound in the arm of the officer, Ed Neely, negro deputy.

Neely claims that four men from the three wagons which had stopped at Archer street and Cincinnati avenue shortly after noon, attacked him and attempted to take his revolver away from him. After a struggle Neely broke away from the men and fired one shot which struck Wright in the leg. Neely then arrested Loftus.

The shooting was the result of information received at the local sheriff's office Saturday morning from George Arnold living near Sand Springs, who stated over the phone that some person unknown to Arnold had stolen a team of bay horses from him sometime Friday night. Neely was in the sheriff's office when the message arrived and obtained a description of the stolen animals.

Shortly after 2 o'clock Saturday afternoon Neely saw three wagons, in charge of itinerant horse traders, stop at Archer street and Cincinnati avenue. The officer began looking over the stock in possession of the strangers, and it was while engaged in this that the horse traders objected to any investigation of the stock which they were driving or leading. Argument arose, after which Neely claims the four men jumped from their wagons and attacked him. Neely was beaten by the men before he was able to secure his revolver, from which one shot was discharged as the officer struggled with two men for possession. Neely says the shot was accidental.

After the shot was fired Neely struck Loftus over the head with the weapon inflicting a scalp wound.

The greatest demonstration came when Major Richard Foster of Kansas City, member of the general court which convicted 135 conscientious objectors at Camp Funston, Kansas, of violation of the articles of war, denounced the war department and "the man responsible" for pardoning these men and granting them honorable discharges with full back pay.

The resolutions on the questions demanded that congress deport all aliens who surrendered first papers to evade military service; all aliens who evaded military service; all other men who evaded service; condemned the I. W. W. and international socialists for their efforts in behalf of the objectors and asked the immediate investigation of congress of the war department in pardoning the conscientious objectors.

Defeat Bonus Plan.

The biggest surprise of the caucus came when the caucus voted by a vote which virtually was unanimous, defeated a resolution calling on congress to grant a bonus of six months pay at the rate of \$30 a month to every enlisted man who served in the war for six months or more. The resolution had been passed unanimously in the resolutions committee and was designed to make an especially plea to the enlisted man.

Previous to the session today it was generally conceded that it would not pass, but it came to a vote. Lieutenant Theodore Roosevelt opposed it and his sentiment seemed to be reflected by all the delegates. Colonel Roosevelt's opposition was on the ground that the legion should "put something into the government and not take something out."

Want Employment Act.

Another resolution passed was the one dealing with employment which the caucus seemed to consider the most important of all. It calls for federal aid for the legion so that it may assist ex-soldiers in securing positions, federal aid for reclamation and building work, and for any project which will increase opportunities for employment.

ST. LOUIS, Mo., May 10.—The American legion at the final session of its three-day national caucus today firmly declared its stand on Americanism by demanding that congress take immediate drastic action concerning I. W. W., international socialists, aliens who evaded military service, and the action of the war department in granting honorable discharges to conscientious objectors convicted in courts-martial of violating the articles of war.

The caucus of the newly formed organization of soldiers, sailors and marines who served in the war was repeatedly thrown into a wild riot of cheering and yelling by denunciation of military service evaders and radical organizations, voiced by delegates from all parts of the country.

AMBULANCE MEN ARE
SPEEDING TO TULSACompany Entrained at Camp Merritt
Saturday Afternoon at 1 o'clock.
Telegram to World Says.

ARRIVAL TIME IS UNCERTAIN

With Close Connections Company
Will Get Here Monday Night,
Otherwise Tuesday Morning

With it still uncertain as to whether the Tulsa ambulance men will arrive here Monday night or Tuesday morning, the committee was not able Saturday to make any further definite arrangements for the public reception to the men.

A telegram to The World stated that the company went aboard its train at Camp Merritt, N. J., at 1 o'clock Saturday afternoon and would depart at once for Tulsa. Consultation of railroad time tables revealed that it would be possible for the company to reach Tulsa Monday night, but the closest connections would have to be made at every point on the long journey.

It is more probable that they will not arrive until Tuesday. If they arrive during the night Monday it is probable that they will remain on their train until morning. It was generally felt last night that Tulsa would not get to see her boys again before Tuesday.

Arrival of the train will be announced by the loud blowing of whistles and ringing of bells.

Mayor Hubbard will declare a half holiday in all municipal departments and stores and offices will close during the parade.

Flags and hunting will be displayed from store fronts and office buildings along the principal business streets.

The parade will form at the Frisco depot, headed by city officials and the reception committee. The ambulance company will march in military formation, and following the heroes will parade the returned soldiers, sailors, marines and guardsmen, every man in uniform being asked to take part.

NURSES ENOUGH HERE
TO SUPPLY THE DEMAND

The Nurses' Central Register, heretofore maintained by the city, has been permanently removed to the Montford hospital, under the management of Mrs. J. Brown, supervisor of the hospital.

There are at present in Tulsa 77 white and two colored nurses registered. This number is sufficient to meet the needs of the city's population at present, but with the return of the trained Red Cross nurses now doing overseas duty, a problem will be created in the opinion of various head nurses and supervisors in the city.

Long Flight to Islands,

Real Test.

WASHINGTON, May 10.—Arrival at Trepassey Bay, N. F., of two of the three American naval seaplanes which started from Rockaway, N. Y., on the trans-Atlantic flight, insured success of the whole enterprise, in the opinion of naval officers here.

When the report reached the navy department tonight that the second of the planes, the N. C.-2, had reached Trepassey Bay in today's flight from Halifax after it had been forced to turn back because of a broken propeller, officers were unable to conceal their deep satisfaction.

The third plane, the N. C.-4, was still at Chatham Light, Mass., tonight, refitting to continue the trip to Trepassey Bay. Lieutenant Commander Head, in charge of the plane, may get started tomorrow, and it was generally expected at the navy department that the actual passage across the Atlantic via the Azores would not be attempted until the N. C.-4 also reached the Newfoundland jumping off place.

Arrangements have been completed by the navy department to insure adequate weather reports for the entire course.

It may be some days before the men and machines at Trepassey Bay are ready for the long flight to the Azores, 1,200 to 1,300 nautical miles distant. The nearest landing point to Newfoundland is Horta, on the island of Fayal, but Punta del Gado, 150 miles farther eastward,
